

Call for Sessions

2024 Community Health Symposium and Sapphire Awards

Shared Issues. Local Solutions.
Improving Health at the Community Level

April 3-4, 2024

Hyatt Regency Grand Cypress Orlando, Florida

The 2024 Community Health Symposium will focus on two topics:

- Local Solutions to Improve Health at the Community Level (Day 1)
- Professional Development/Education for Nonprofit Organizations (Day 2)

Day 1—April 3

Seeking sessions that address improving health access and health outcomes at the hyper-local level. The focus should be on one or more of the three priority areas of the Foundation—Health Equity, Mental Well-being, or Food Security. Important in this work is the building of local cross-sector collaborations that empower communities and residents to help identify sustainable health solutions, and how the project/initiative can be replicated. Examples of local solutions for local issues could include: a mobile outreach clinic serving the specific needs of the local population; an alliance of organizations in a community, engaging representation from civic organizations, educational institutions, residents, and others, coming together to solve an issue that improves the health of the local population; or an innovative program that provides access to food in rural communities.

Day 2—April 4

Seeking sessions that provide opportunities for professional development or education for staff and leadership of local nonprofit organizations. Examples could include: metrics and evaluation; communications; donor relations; successful grant writing; among others.

Presenters will receive free registration to the two-day Community Health Symposium and Sapphire Awards. Please submit the completed form as an attachment to an email sent to floridabluefoundation@floridablue.com.

DEADLINE to submit: October 2, 2023

All Session Planners will be notified by December 15, 2023, if they are chosen to present or not.

Session Planner

Please provide your name and contact information in the table below.

First Name	
Last Name	
Organization	
Title	
Address	
City/State/ZIP	
Phone	
Email	

Session Title

Enter Session title in the box below.

Session Abstract

Session will be approximately one hour and may repeat. Describe the session including the key take aways in the box below. NOTE: The box expands as you type.

Number of Presenters

We recommend this be limited to three people. Please enter the number of presenters in the box below.

Presenter(s)

Please provide information for each presenter in the table below.

If you are proposing a session that includes multiple presenters, please enter PRIMARY in the cell below Presenter 1 in the following table.
