

To keep your plan and see if you qualify for more financial help:

First, log in to your online account and get your current plan information.

- Log in or register at floridablue.com.
- Got to **My Account** to see your health plan and number.

Next, review your Marketplace application and your new amount of financial help.

- Click on the link in the alert portion of the screen.
- Read the privacy policy and click **Save & Continue**.
- Answer the screening questions. Follow the prompts on the screen. You may be asked to confirm your identity.
- If you are directed to the Marketplace website, follow the steps to complete your application there. Return to Florida Blue by selecting **Return to Enrollment Partner's Website** to choose your plan and complete enrollment.
- When you're finished, choose **Create New Application** or choose **Update 2021 Application** if one already exists.
- Select **Report a Life Change**.
- Review your application information. Keep clicking **Save & Continue** and e-sign if the details are correct.
- Now, you'll see the new amount of financial help you qualify for, which will go toward your monthly bill.

Almost done! Now, select your current plan and submit your application with Florida Blue.

- Click **Finalize Your Enrollment** to shop for your plan.
- Find your current plan and number and select **Add to Cart**.
- Follow the steps to complete your application.
- Once finished, click **Submit Application**.

To change your plan and see how much financial help you could receive:

- Contact your Florida Blue agent or call 844-481-3770. Your agent can determine if changing plans would change your financial help. Remember that if you change your plan in the middle of the year, you may start over with spending toward your deductible and out-of-pocket maximum.

If are not currently getting a subsidy and want to find out if you now qualify for the recently passed additional subsidy, the easiest way is to call your agent.
