- **\$0 virtual visits** with primary care doctors and behavioral health specialists.<sup>1</sup>
- **\$0 preventive immunizations and vaccinations.**
- **\$0 for certain generic contraceptives.**
- **The #1 customer service experience nationwide.**<sup>2</sup>

## We provide more value and ways to save!

- ✓ **\$0 for a 90-day supply** of your generic prescription medications for certain ongoing conditions when you use home delivery.

## As you use your plan throughout the year, your out-of-pocket costs will go down.

### Start of Your Plan

Each year, you'll need to reach your deductible. This is the dollar amount you pay for certain covered services before your plan helps pay for in-network services.

**\$0 / \$0**

Your (Individual/Family) Deductible

### Coinsurance Begins

You'll pay a percentage of what's charged and we'll cover the rest.

### Out-of-Pocket Maximum Reached

Once you've reached your out-of-pocket max for in-network covered health services, we've got you covered for the rest of the plan year. Not everything you pay (like your premium or services that aren't covered) applies.

**\$2,000 / \$4,000**

Your (Individual/Family) Out-of-Pocket Max
