Part D Prescription Drug Benefits

Deductible Stage

\$0 per year for Part D prescription drugs

Initial Coverage Stage

You begin in this stage when you fill your first prescription of the year. During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost.

You remain in this stage until your total yearly drug costs (total drug costs paid by you *and* any Part D plan) reach **\$4,430**. You may get your drugs at network retail pharmacies and mail order pharmacies.

	Preferred Retail/LTC (31-day supply)	Standard Retail (31-day supply)	Mail Order (90-day supply)

Tier 5 - Specialty Tier	33% of the cost	33% of the cost	N/A

Coverage Gap Stage

Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The Coverage Gap Stage begins after the total yearly drug cost (total drug costs paid by you *and* any Part D plan) reaches **\$4,430**. You stay in this stage until your year-to-date “out-of-pocket” costs reach a total of **\$7,050**.

During the Coverage Gap Stage:

- You pay the same copays that you paid in the Initial Coverage Stage for drugs in Tier 1 (Preferred Generic) and Tier 2 (Generic) – or **25%** of the cost, whichever is lower.
- For generic drugs in all other tiers, you pay **25%** of the cost.
- For brand-name drugs, you pay **25%** of the cost (plus a portion of the dispensing fee).
- BlueMedicare Premier offers additional gap coverage for Select Insulins. During the Coverage Gap stage, your out-of-pocket cost for Select Insulins will be \$35

Catastrophic Coverage Stage

After your yearly out-of-pocket drug costs reach **\$7,050**, you pay the *greater* of:

- **\$3.95** copay for generic drugs in all tiers (including brand drugs treated as generic) and a **\$9.85** copay for all other drugs in all tiers, or **5%** of the cost.

Additional Drug Coverage

- Please call us or see the plan’s “Evidence of Coverage” on our website (www.floridablue.com/medicare) for complete information about your costs for covered drugs. If you request and the plan approves a formulary exception, you will pay Tier 4 (Non-Preferred Brand/Drug) cost-sharing.
- Your cost-sharing may be different if you use a Long-Term Care (LTC) pharmacy, a home infusion pharmacy, or an out-of-network pharmacy, or if you purchase a long-term supply (up to 90 days) of a drug.
