
Florida Blue Health Plan

**ANSI 270/271- Health Care Eligibility and
Benefit Inquiry and Response**

Standard Companion Guide

**Refers to the Technical Report Type
Three (TR3) of 005010 X279A1**

Companion Guide Version Number: 5.1

Disclosure Statement

The Florida Blue (Blue Cross and Blue Shield of Florida) Inc. *HIPAA Transaction Standard Companion Guide for EDI Transactions Technical Reports, Type 3 (TR3)* provides guidelines for submitting electronic batch transactions. Because the HIPAA ASC X12- TR3s require transmitters and receivers to make certain determinations /elections (e.g., whether, or to what extent, situational data elements apply) this *Companion Guide* documents those determinations, elections, assumptions or data issues that are permitted to be specific to Florida Blue business processes when implementing the HIPAA ASC X12 5010 TR3s.

This *Companion Guide* does **not** replace or cover all segments specified in the HIPAA ASC X12 TR3s. It does not attempt to amend any of the requirements of the TR3s or impose any additional obligations on trading partners of Florida Blue that are not permitted to be imposed by the HIPAA Standards for Electronic Transactions. This *Companion Guide* provides information on Florida Blue specific codes relevant to Florida Blue business processes, rules and situations that are within the parameters of HIPAA. Readers of this *Companion Guide* should be acquainted with the HIPAA ASC X12 TR3s, their structure and content.

This *Companion Guide* provides supplemental information that exists between Florida Blue and its trading partners. Trading partners should refer to their Trading Partner Agreement for guidelines pertaining to Availity^{®1} LLC, legal conditions surrounding the implementation of the EDI transactions and code sets. However, trading partners should refer to this *Companion Guide* for information on Florida Blue business rules or technical requirements regarding the implementation of HIPAA-compliant EDI transactions and code sets.

Nothing contained in this *Companion Guide* is intended to amend, revoke, contradict or otherwise alter the terms and conditions of your applicable Trading Partner Agreement. If there is an inconsistency between the terms of this *Companion Guide* and the terms of your applicable Trading Partner Agreement, the terms of the Trading Partner Agreement will govern. If there is an inconsistency between the terms of this *Companion Guide* and any terms of the TR3, the relevant TR3 will govern with respect to HIPAA edits and this *Companion Guide* will govern with respect to business edits.

1 INTRODUCTION

The Health Insurance Portability and Accountability Act (HIPAA) requires that the health care industry in the United States comply with the electronic data interchange (EDI) standards as established by the Secretary of Health and Human Services. The Technical Reports Type 3 Guides (TR3s) for the ANSI 270/271 Eligibility Benefit Inquiry and Response transaction specifies in detail the required formats. It contains requirements for the use of specific segments and specific data elements within segments and was written for all health care providers and other submitters. It is critical that your software vendor or IT staff review this document carefully and follow its requirements to send HIPAA-compliant files to Florida Blue via your vendor. The ASC X12 005010X279A1 is the established standard for Eligibility Benefit Inquiry and Response (ANSI 270/271).

Scope

This ANSI 270/271 *Companion Guide* was created for Florida Blue trading partners to supplement the ANSI 270/271 TR3. It describes the data content, Florida Blue business rules and characteristics of the ANSI 270/271 transaction.

Overview

The Technical Reports Type 3 Guides (TR3s) for the ANSI 270/271 Eligibility and Benefit Inquiry and Response transaction specifies in detail the required formats. It contains requirements for the use of specific segments and specific data elements within segments, and was written for all health care providers and other submitters. It is critical that your software vendor or IT staff review this document carefully and follow its requirements to send HIPAA-compliant files to Florida Blue via your vendor.

2 GETTING STARTED

Working with Florida Blue

Availity optimizes information exchange between multiple health care stakeholders through a single, secure network. The Availity^{®1} Health Information Network encompasses administrative, financial, and clinical services, supporting both real-time and batch EDI via the web and through business to business (B2B) integration. For more information, including an online demonstration, please visit www.availity.com or call (800)-AVAILITY (282-4548).

Trading Partner Registration

In order to register, you will need:

- Basic information about your practice, including your Federal Tax ID and National Provider Identifier.
- Someone with the legal authority (typically an owner or senior partner) to sign agreements for your organization.
- An office manager or other employee who can oversee the Availity implementation and maintain user IDs and access.

Certification and Testing Overview

All trading partners and clearing houses should be certified via Availity. It is recommended that the trading partner obtain HIPAA Certification from an approved testing and certification third party vendor prior to testing.

¹Availity, LLC, is a multi-payer joint venture company. For more information or to register, visit Availity's website at www.availity.com.

900-3374-1112

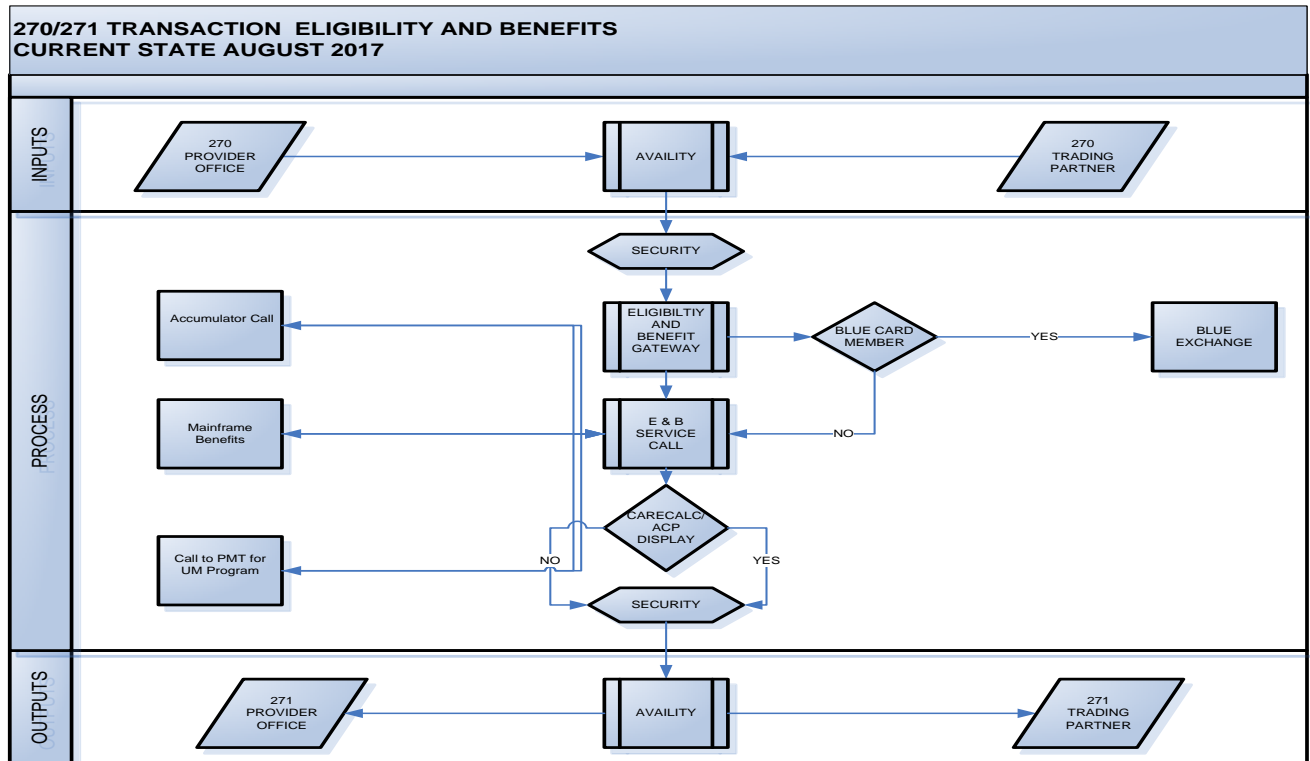

All rights reserved. This document may be copied.

3 TESTING WITH FLORIDA BLUE AND AVAILITY

Florida Blue recommends that Trading Partners contact Florida Blue to obtain a testing schedule and or notify Florida Blue of potential testing opportunities prior to implementing any foreseen transaction impacts to the business flow of both Florida Blue and /or the Trading Partner.

4 CONNECTIVITY/COMMUNICATIONS WITH FLORIDA BLUE AND AVAILITY

Passwords

If a password change is necessary, please contact Availity® at (800)-Availity (282-4548) or www.Availity.com.

Firewall Mechanics

If you are behind a firewall, make sure that your FTPS client passes the Internet facing IP address of the server rather than the internal IP. Failure to do so usually causes the communication break when the client tries to list the files available in the Server or during upload or download of files.

5 CONTACT INFORMATION

EDI Customer Service

The Florida Blue ANSI ANSI 270/271 Eligibility and Benefit Inquiry and Response systems are available from Monday 12 a.m. through Saturday 11:59 p.m. Central time of any calendar week, excluding the following specified holidays.

- New Year's Day (01/01/CCYY)
- Memorial Day (Last Monday in May)
- Independence Day (07/04/CCYY)
- Labor Day (First Monday in September)
- Thanksgiving Day (Fourth Thursday in November)
- Christmas Day (12/25/CCYY)

6 CONTROL SEGMENTS/ENVELOPES

ANSI 270/271 - Eligibility & Benefit Inquiry and Response:

The purpose of this section is to delineate specific data requirements where multiple valid values are presented within the ANSI 270/271 5010 A1 TR3.

Common Definitions

Interchange control header (ISA06) Interchange Sender ID (Mailbox ID) – is individually assigned to each trading partner.

Interchange control header (ISA08) Interchange Receiver ID – is the Florida Blue tax ID, 592015694.

Interchange control header (ISA15) Usage Indicator – defines whether the transaction is a test (T) or production (P).

Functional Group Header (GS02) Application Sender's code – is individually assigned to each trading partner.

ANSI 270/271 - Eligibility & Benefit Inquiry and Response:

Global Information

| Req # | Loop ID – Segment Description & Element Name | Reference Description | TR3Page (s) | Plan Requirement |
|-------|---|-----------------------|-------------|--|
| G1 | All Transactions | | | Florida Blue requires a Trading Partner Agreement to be on file with Availity indicating all electronic transactions the Trading Partner intends to send or receive. |
| G2 | All Segments | | | Only loops, segments, and data elements valid for the 270 HIPAA-AS TR3 Guides ASC X12 005010X279A1 will be used for processing. |
| G3 | <p>Acknowledgments – Florida Blue acknowledgements are created to communicate the status of transactions. It is imperative that they be retrieved on a daily basis. One file could result in multiple acknowledgements.</p> <p><u>ANSI X12:</u></p> <p>-TA1 – Interchange Acknowledgement</p> <p>-999– Functional Acknowledgement</p> | | | <p>TA1 is available immediately after “depositing file”</p> <p>999 is available immediately after “depositing file”</p> |

All rights reserved. This document may be copied.

| G4 | Negative Values | | | Submission of any negative values in the 270 transaction will not be processed or forwarded. |
|-------|---|-----------------------|------------|--|
| Req # | Loop ID – Segment Description & Element Name | Reference Description | TR3Page(s) | Plan Requirement |
| G5 | Date fields | | | All dates submitted on an incoming 270 Eligibility and Benefit Inquiry must be a valid calendar date in the appropriate format based on the respective ANSI 270/271 5010 A1 TR3 qualifier. Failure to do so may cause processing delays or rejection. |
| G6 | Batch Transaction Processing | | | Generally, Availity and Florida Blue Gateway accept transmissions 24 hours a day, 7 days a week. |
| G7 | Multiple Transmissions | All Segments | | Any errors detected in a transaction set will result in the entire transaction set being rejected. |
| G8 | All Transactions | | | Although you may have submitted multiple patients in one 270 Inquiry, Florida Blue will send a separate 271 response for each patient. |
| G9 | 2100C Subscriber Name Qualifier Identification Code | NM108 NM109 | | When the MI qualifier is submitted in NM108, Florida Blue requires the submission of the ID number (#) exactly as it appears on the Florida Blue ID card without any embedded spaces, including any applicable prefix or suffix. (This includes any out of state Blue Plan ID cards.) The ID must contain a minimum of a three character prefix followed by characters for a maximum of 17 characters. Or an H followed by exactly 8 or 10 |

processing of incoming files and electronic acknowledgment generation.

TA1 Interchange Acknowledgement Transaction

All X12 file submissions are pre-screened upon receipt to determine if the interchange control header (ISA) or interchange control trailer (IEA) segments are readable. If errors are found, a TA1 response transaction will be sent to notify the trading partner that the file could not be processed provided the file contains a code value of 1 in the ISA14. No TA1 response transaction will be sent for error-free files.

Once Florida Blue determines that the file is readable, validation is performed on the ISA and IEA loop information. If these segments have a non-standard structure, the file will receive a full file reject and the TA1 response transaction will be sent to the trading partner, provided the file contains a code value of 1 in the ISA14.

999 Functional Acknowledgement Transactions

If the file submission passes the ISA/IEA pre-screening above, it is then checked for ASC X12 syntax and HIPAA compliance errors. When the compliance check is complete, a 999 will be sent to the trading partner informing them if the file has been accepted or rejected. If multiple transaction sets (ST-SE) are sent within a functional group (GS-GE), the entire functional group (GS-GE) will be rejected when an ASC X12 or HIPAA compliance error is found.

9 TRADING PARTNER AGREEMENTS

Please contact Availity for your Trading Partner Agreement at 1 (800)-AVAILITY or www.Availity.com.

10 TRANSACTION SPECIFIC INFORMATION

ASC X12 Transactions Supported
