

## BlueMedicare Preferred HMO Not Renewed for 2020

We made a decision not to renew our BlueMedicare<sup>SM</sup> Preferred HMO or BlueMedicare<sup>SM</sup> Preferred HMO (POS) health plans in 2020. This means that members currently enrolled in these plans must choose a new health plan.

### General Information

- BlueMedicare Preferred HMO plans, currently offered in Clay, Duval, Manatee, Pinellas and Sarasota Counties, won't be part of the Florida Blue Medicare product portfolio effective January 1, 2020.
- Patients who are enrolled in these plans will receive a letter in early October informing them of the non-renewal.
- Affected members will be able to enroll in a new Medicare Advantage health plan through December 31, 2019. In addition, members can also choose a new Medicare Advantage plan during a special enrollment period through February 28, 2020.

### Member Options

- We'll help members enroll in a new Medicare Advantage health plan before January 1.
- Affected members will receive an enrollment kit from us for another Florida Blue Medicare Advantage health plan after they receive notice of non-renewal in October.

Your BlueMedicare patients who are affected by this change may ask you about other Medicare Advantage health plan options. If they do, please ask them to contact their agent.
