Federal Employee Program: New Diabetes Benefit with Standard and Basic Options

Starting January 1, 2020, Blue Cross and Blue Shield Federal Employee Plan[®] (FEP) members enrolled in the FEP Standard and Basic plans will receive diabetes help through a new comprehensive, no-cost Diabetes Management Program.

Under this Diabetes Management Program, members with diabetes will receive:

- An advanced blood glucose meter
- Unlimited test strips and lancets
- One-on-one support from a “diabetes coach”

Additionally, Standard and Basic Option members with diabetes may be eligible to earn rewards through the FEP Diabetes Management Incentive Program.

Your FEP Standard and Basic Option patients can learn more about their Diabetes Management Program and rewards by visiting fepblue.org/diabetes.
