

BlueRx Discounts Program

Your Savings Program for Prescription Drugs

Cutting Costs at the Counter

While your temporary health plan may not cover medical care for pre-existing conditions,* you can get special discounted pricing on prescription drugs with the BlueRx Discounts® Program.¹ You can use the program at more than 40,000 pharmacies² across the country.

This is a Florida Blue discount program managed by Prime Therapeutics LLC®. This means when you get any communication about your BlueRx Discounts program, it will come from Prime Therapeutics.

It Pays to Use BlueRx Discounts!

When you use your discount program at one of the more than 40,000 participating pharmacies across the country, you'll save on all of the generic, brand-name and non-preferred prescription drugs included in your plan's medication guide! And there's no limit to how often you can use it.

Here's How it Works
