

BlueSelect Temporary Plans

Health Plan Overview

BlueSelect Temporary Plans¹ at a Glance

- A large network of doctors, hospitals and pharmacies
- Coverage for health conditions that develop while you have the plan (but not pre-existing conditions that have been treated before your plan started)
- Special discounts² on prescription drugs at participating pharmacies across the country
- Unlimited support from our care consultants and 24-hour Nurseline
- Limited coverage outside the network to help keep your costs down
- Health coverage when you're traveling worldwide
- Home delivery available for up to a 90-day supply of prescription drugs
- Discounts up to 50% on glasses and contacts, dental care and more³

Find a Doctor

It's fast and simple to find a doctor or facility in the BlueSelect network.

Florida Blue members:

- Click **Find a Doctor** in your online member account.
- Click **Find Care** in the Florida Blue mobile app.

Not a member yet? No problem!

- Go to floridablue.com.
- Click **Find a Doctor**.
- Select **BlueSelect Temporary Insurance**, and search.

Stay in the Network and Save

BlueSelect offers a dedicated group of doctors, hospitals, pharmacies and other facilities ready to serve you. You'll pay less when you see health care providers who are part of the network and understand how your plan works.⁴

Get Approval Ahead of Time

To help you get the most value from your benefits, you'll need to get an approval from Florida Blue before you get certain medical services, like MRI scans and sleep studies. If not, you could pay the total cost. Visit floridablue.com/checkfirst, or call us to check.

Use Only BlueSelect Providers for These Services

While you always have a choice of where to go for care, the services and supplies listed below are covered **ONLY** if you use the doctors and other providers designated as Exclusive Providers within the BlueSelect network. If you do not use an Exclusive Provider, you may have to pay the full cost for:

- Clinical laboratory tests ordered by a doctor unless done at Quest Diagnostics
- Home health services, like visiting nurses, physical therapy, speech-language therapy and occupational therapy
- Durable medical equipment and medical supplies that a doctor orders as part of treatment or are supplied as a service

Worldwide Coverage

You take your health coverage with you when you are abroad. Through the Blue Cross Blue Shield Global Core Program, you have access to doctors and hospitals around the world.

Care for Pre-Existing Conditions

Your plan offers comprehensive coverage, however it doesn't cover medical care for health conditions that you had treated before your plan started (also called pre-existing conditions). This means that, if you're treated for an injury, illness or ongoing health condition that you had **in the past 24 months** before your plan's start date, you'll pay the full cost of any care that you need. Even if you've had prior coverage where your pre-existing conditions were covered, they won't be covered under this plan.

Out-of-Network Care

Services covered outside the BlueSelect network have a higher cost share. For example, if you go to an in-network facility but are treated by an out-of-network doctor (like an anesthesiologist or radiologist), you may pay more. If this out-of-network provider charges more than the maximum amount your plan will pay for that health care service, you may have to pay the difference.

Know Your Options for Urgent Care

If you need care right away and your regular doctor is not available, consider using an urgent care center instead of the emergency room. You'll pay just \$75 for an urgent care visit. In a real emergency, always go to the nearest ER.

BlueRx Discounts® Save Money

While your health plan does not cover prescriptions, it does offer special discounts on all generic, brand-name and non-preferred prescription drugs included in your plan's medication guide.

If you have a pre-existing condition, medical care may not be covered, but you can still get the discount on prescriptions related to that condition. You'll get the most for your money by choosing generic drugs and home delivery for 90-day supplies. Generic drugs have the same active ingredients as brand name drugs but generally cost less.

You can use your discount program at one of the more than 40,000 participating pharmacies across the country. And there's no limit to how often you can use it.

Before you get a prescription filled:

- Find an in-network pharmacy.
- Compare drug costs.
- Check the medication guide to find out if a drug is covered or needs approval first. If you have questions about your medication guide, call us at the number on the back of your member ID card.
- Then, show your member ID card at the pharmacy counter!

Here's how to find your plan's medication guide:

Online:

- Log in at floridablue.com and click **My Plan**
- Under Additional Information, click **Pharmacy**
- Click **Medication Guide & Specialty Pharmacy**

Mobile App:

- Log in and click **Resources**, then **Prescriptions**
- Under Helpful Documents, click **Medication Guide**

Save a Trip to the Pharmacy with Home Delivery

To get started, have your doctor fill out the AllianceRx Walgreens Prime order form that will be enclosed with your member ID card. Call us at 800-352-2583 if you need more forms.

Check the Cost Before You Go

Unlike other types of health plans under the Affordable Care Act, temporary plans don't cover all preventive care services. Check your plan to be sure you know what's covered.

You can check the cost of care before you go to the doctor for a checkup or sick visit or to the pharmacy to fill a prescription.

Online

- Log in and under **Know Before You Go**, click **Compare Medical Costs** or **Compare Drug Prices**

Mobile App

- **To compare medical care costs:** Log in and click **Resources**, then **Compare Prices**
- **To compare drug costs:** Log in and click **Resources**, then **Prescriptions** and type the name of your medication.

Your Plan at Your Fingertips

You can see your plan information 24/7 in your member account at floridablue.com or through the Florida Blue mobile app. It's never been so easy to stay connected!
