

COVID-19 Update Guidelines for Vaccine Billing

We are committed to ensuring our members can obtain the COVID-19 vaccines quickly and conveniently as they become available. Now that the Pfizer/BioNTech and Moderna mRNA-1273 COVID-19 vaccines have received emergency use authorization by the Food and Drug Administration, we want to make sure you are paid correctly for administering the vaccines.

Florida Blue Medicare Advantage

Providers should submit claims for COVID-19 vaccines to Original Medicare through your Medicare Administrative Contractor (MAC) as outlined in the Medicare institutional and professional instructions [here](#). If a provider bills Florida Blue for a vaccine or vaccine administration for a Medicare Advantage member, it will not be reimbursed. If submitted through Availity^{®1}, it will be returned electronically.

Florida Blue Medicare follows guidance from CMS, so please continue to check Medicare updates for vaccine information.

Other Lines of Business

Since the federal government is covering the cost for the initial doses of the vaccine, providers only need to submit a claim for the vaccine administration. Please submit your appropriate administration fee for the corresponding vaccine, using the code information below for your Commercial, Truli for Health and Federal Employee Program[®] members. The administration fee is covered at 100 percent of your contracted allowance, with no cost share for the member.*

The following codes are for vaccines for all lines of business.

Code	CPT Short Descriptor	Labeler Name	Vaccine/Procedure Name
91300	SARSCOV2 VAC 30MCG/0.3ML IM	Pfizer	Pfizer-BioNtech Covid-19 Vaccine
0001A	ADM SARSCOV2 30MCG/0.3ML 1ST	Pfizer	Pfizer-BioNtech Covid-19 Vaccine Administration – First Dose

Members Encouraged to Contact You

We are encouraging our members to contact you and follow your advice for next steps in receiving their vaccinations. We are also including information on our member website on the benefits of the vaccines, as well as reminding them to continue to wear a mask, social distance, wash hands and avoid crowds. The vaccines and our continued vigilance are our best defenses against COVID-19.

Vaccine Information on the CDC Website

Find information for COVID-19 vaccination administration, storage and handling, reporting, and patient education for each specific vaccine from the Centers for Disease Control and Prevention [here](#).
