

COVID-19 Update as of April 23, 2020

In response to the coronavirus disease (COVID-19) pandemic, we support the work of providers, and the guidelines set forth by the Florida Department of Health and the Centers for Disease Control and Prevention (CDC). As information is changing at a rapid pace, we're continuing to make process updates for our Commercial, Affordable Care Act (ACA), Medicare Advantage and Federal Employee Program[®] (FEP) lines of business.

During the COVID-19 pandemic, the processes noted below remain in effect until further notice. We'll keep you informed as information changes. **Note:** For easy reference, new updates are noted in "red" throughout the communication.

Administrative Updates for All Lines of Business

- **Availity**

- Availity^{®1} transaction results may not reflect the temporary processes and claim adjudication decisions related to COVID-19. Please follow the processes noted below specific to COVID-19 and continue to use Availity for normal eligibility and benefits information.

- **Claims**

- To help our members and employer groups during COVID-19, we are allowing them more time to pay their premiums. We're not denying claims for members or groups that are delinquent at this time. Instead, we're pending claims and giving them through May 31 to pay their premiums. While claim payments may take a little longer than normal, this should result in fewer claims that are denied for delinquency or termination. If this date is extended, we'll let you know. You can check the [status of a claim](#) using the self-service tools on [availity.com](#). If a claim is being held because of premium delinquency, the claim status in Availity will show as: *Pending/payer administrative system hold or awaiting benefit determination*.
- We're closely monitoring all COVID-19 related claims to make sure they have processed accurately based on the information included in our billing guidelines. If you have a claim that has not processed accurately, please follow the standard process to request a claim review.

- **Credentialing**

- **Locum tenens temporary policy modification.** In most situations, participating providers who need to expand their rosters to provide coverage during the COVID-19 pandemic can use our locum tenens policy. This allows a provider to identify and authorize care for their patients by another provider.
 - Under National Committee for Quality Assurance (NCQA) guidelines, a covering practitioner falls under locum tenens and no credentialing is required.
 - The use of a locum tenens provider by a participating provider has been expanded to 180 days during this emergency and could be amended as new guidance is provided by state and federal regulatory bodies.
 - In accordance with Florida Department of Health Emergency Order 20-002, a locum tenens provider can be licensed in a state other than Florida, as long as the requirements set by Florida for such providers are met.

¹Availity, LLC is a multi-payer joint venture company. For more information or to register, visit [availity.com](#). Florida Blue is an Independent Licensee of the Blue Cross and Blue Shield Association.
101145 0420

- Please refer to the *Substitute Physicians* section on page 5 of the Florida Blue [Manual for Physicians and Providers](#) (billing guidelines) for proper coding of locum tenens claims.

Medicare Advantage Updates

- **Referrals.** We are relaxing referral requirements for all service types during this time. Please attempt to obtain a referral through your existing process. If you are unable to obtain a referral, please proceed with providing treatment. Claims will not be denied for failure to obtain a referral, but will be reviewed for medical necessity and processed according to the member's contract benefits.
- **Out-of-Network Providers.** If a medically necessary service (including labs) is not available from an in-network provider, members may seek care from an out-of-network provider and claims will process at the in-network benefit.
- **Medical Test, Office Visits and Related Services**
 - The medical diagnostic test for COVID-19 is available at no cost to our members.
 - Office visits and related services that result in an order for the COVID-19 test are at no cost to our members.
 - Testing is currently provided at no cost by state and federal health authorities.
 - If testing is provided by independent labs or physician offices, the member's cost share for **these tests only** will be waived. The appropriate codes for COVID-19 testing are HCPCS codes U0001 and U0002 and CPT code 87635.
 - **Reminder:** Refer your Florida Blue patients to an in-network lab for services according to their contract benefits. Quest Diagnostics is our preferred lab provider.
- **COVID-19 Medical Treatment**
 - Through June 1, we're waiving the member's cost share for those who have a positive diagnosis for COVID-19 and must undergo treatment. This includes in-patient and observation hospital admissions. Florida Blue medical policy guidelines and the terms of the member's contract still apply.
- **Authorizations / Prior Approvals**
 - **Already-approved authorizations extended for 90 days.** Executive Order 20-72, signed by Gov. Ron DeSantis on March 20, prohibits all non-essential elective medical procedures. This means if you had an already-approved authorization for an elective procedure or a planned admission prior to March 20, we're extending those authorizations 90 days from when the executive order is lifted. Once the order is lifted, our systems will automatically add the extended time. Providers and members will not need to do anything. You can check availity.com for the updated timeframes after the order is lifted.
 - **Post-Acute Care**
 - CareCentrix manages post-acute care for Florida Blue Medicare members.
 - To help hospitals accelerate appropriate discharges and support bed capacity, Florida Blue Medicare is waiving prior authorization requirements for patients being transferred from inpatient acute hospital settings to post-acute care facilities (Long Term Acute Care Facilities, Skilled Nursing Facilities and Inpatient Rehabilitation).
 - Post-acute care facilities are still required to notify CareCentrix of an admission by the end of the next calendar day. This timely notification and review is still required to determine medical necessity of continued stay and ensure Florida Blue can assist with discharge planning for its members.
 - For in-network and out-of-network providers, follow the normal business process which includes these three options:
 - Call CareCentrix at 844-359-5386 from 8 a.m. to 8 p.m. local time, including weekends. For all other hours and holidays, dial the above

Medicare Advantage Updates cont'd.

number and follow the appropriate prompts to leave a message. Messages left with the on-call service will be returned within one hour. Fax the completed authorization request form to 877-240-0713. This form is available on the CareCentrix HomeBridgeSM [provider portal](#). The fax line is available during normal hours of operation.

- Facilities using the Allscripts/CarePort should follow these [detailed instructions](#) on how to set up CareCentrix in your system.
 - Additional information and resources are available on the CareCentrix HomeBridge portal at www.carecentrixportal.com.
- **Telemedicine and Teladoc[®]**. During the COVID-19 pandemic, members are encouraged to take advantage of virtual visit options for less serious medical issues to limit the spreading of COVID-19. Members can access virtual visits in two ways:
 - **Option 1: Teladoc**
 - All Medicare Advantage members have access to Teladoc virtual visits.
 - Teladoc visits are at no cost to members through Florida Blue.
 - [Click here](#) to find the Teladoc information members received from us.
 - **Option 2: Telemedicine**
 - In-network primary care providers, behavioral health providers and specialists can bill for virtual visits if they have telemedicine capabilities and want to consult with their patients virtually.
 - The virtual visit will be in effect for the next 90 days and reimbursement will be based on your current fee schedule. Florida Blue will assess any potential extension to this timeframe and update you as needed.
 - The member will be responsible for their normal office visit cost share for this virtual visit.
 - For **in-network general medical care**, you should submit a claim to Florida Blue using the regular Evaluation and Management (E/M) codes (99201-99215). The place of service should be the regular place of service as if you saw the patient in-person. The modifier should be 95 or GT.
 - For **in-network outpatient professional behavioral health providers**, you should submit a claim to Florida Blue using one of the regular codes included in your fee schedule. The place of service should be the regular place of service as if you saw the patient in-person. The modifier should be 95 or GT.
 - **Expanding virtual visits.** The expansion of the additional services for virtual visits will be in effect for the next 90 days. Florida Blue will assess any potential extension to this timeframe and update you as needed.
 - **In-network behavioral health outpatient facilities** performing intensive outpatient and partial hospitalization services can bill for virtual visits if they have telemedicine capabilities and want to consult with their patient virtually. You should submit a claim to Florida Blue using the applicable revenue code and HCPCS code with modifier (IOP MH 0905, S9480, IOP SUD 0906, H0015, PHP 0912 or 0913, H0035 or S0201 – the modifier should be 95 or GT). There are no changes to the locator 4 Type of Bill. Continue to use the code that is currently being used by your facility. Notification or authorization for services are required and the member's cost share will apply. If you have an existing authorization, the authorization does not need to be modified and will apply based on the number and type of visits/units already authorized. Reimbursement will be based on your current fee schedule.
 - **CareCentrix home health agency services** are now available through virtual visits, if clinically appropriate and accompanied by

¹Availity, LLC is a multi-payer joint venture company. For more information or to register, visit availity.com. Florida Blue is an Independent Licensee of the Blue Cross and Blue Shield Association. 101145 0420

Medicare Advantage Updates cont'd.

patient consent. CareCentrix has established clinical guidelines to determine when services cannot be provided as a virtual visit. Many CareCentrix home health services can be provided virtually by a CareCentrix network home health provider, including the initial assessment performed by an RN and standard services provided by an RN, LPN, Clinical Social Worker and Physical, Occupational, and Speech Therapist. The ordering provider should use existing processes to submit home health orders to CareCentrix. When an order for home health services is appropriate for virtual visits based on the CareCentrix clinical criteria, the care will be offered through a virtual visit unless the order indicates that home health services must be in-person or the patient refuses the virtual visit. If an in-person home health visit must occur, please specify "in-person" on the order, otherwise CareCentrix will coordinate the care as a virtual visit. Registration or authorization for services is required and existing registrations and authorizations do not need to be modified for place of service 02. The member's cost share will apply to the virtual visit.

- **Physician visits to nursing facilities** are now available through virtual visits with in-network providers. You should submit a claim to Florida Blue with the following:
 - **Initial care nursing facility visits:** Use CPT codes 99304-99306. The place of service should be the regular place of service as if you saw the patient in-person. The modifier should be 95.
 - **Subsequent care nursing facility visits:** Use CPT codes 99307-99310. The place of service should be the regular place of service as if you saw the patient in-person. The modifier should be 95 or GT.
- **Annual wellness visits** are now available through virtual visits with in-network providers. You should submit a claim to Florida Blue using CPT codes G0402, G0438 or G0439. The place of service should be the regular place of service as if you saw the patient in-person. The modifier should be 95 or GT.
- **Audio-only visits.** CMS is temporarily allowing audio-only visits if video capability is not available. Visits provided consistently with CMS guidelines will be covered for Medicare Advantage members.
- **Physical, Occupational and Speech Therapy visits** are available through virtual visits with in-network providers. Florida Blue will reimburse these virtual visits provided by qualified health care professionals through interactive technology. Benefits will be processed in accordance with the member's plan. This change is effective for dates of service beginning March 15 until further notice. The place of service should be the regular place of service as if you saw the patient in-person. The modifier should be 95 or GT.
- **Florida Blue continues to explore other services related to virtual visits.** We'll keep you updated as new information is available.

Prescription Drugs

- We're providing early access to 30-day prescription refills of medications (consistent with the member's benefit plan).
- Members are encouraged to use the 90-day mail order benefit.

Medicare Advantage Updates cont'd.

- While there are currently no FDA-approved vaccines or medications for the outpatient treatment of COVID-19, should FDA-approved treatments become available, we will also cover them for our members for whom we provide prescription drug coverage.

Additional Services

- In partnership with New Directions Behavioral Health, members experiencing stress related to COVID-19 can talk to specially trained behavioral health counselors at no cost via a 24/7 toll-free help line at 833-848-1762. Further referrals from these hotline calls will be covered per the member's normal benefits/cost shares. Counselors will not be able to assist with questions about COVID-19 testing or treatment, so members should call Florida Blue at the number on the back of their member ID card for help with those questions.

Commercial / Affordable Care Act (ACA) Updates

- **Medical Test, Office Visits and Related Services**
 - The medical diagnostic test for COVID-19 is available at no cost to our members.
 - Office visits and related services that result in an order for the COVID-19 test are at no cost to our members.
 - Testing is currently provided at no cost by state and federal health authorities.
 - If testing is provided by independent labs or physician offices, the member's cost share for **these tests only** will be waived. The appropriate codes for COVID-19 testing are HCPCS codes U0001 and U0002 and CPT code 87635.
 - **Reminder:** Refer your Florida Blue patients to an in-network lab for services according to their contract benefits. Quest Diagnostics is our preferred lab provider.
- **COVID-19 Medical Treatment**
 - Through June 1, we're waiving the member's cost share for those who have a positive diagnosis for COVID-19 and must undergo treatment. This includes in-patient and observation hospital admissions. Florida Blue medical policy guidelines and the terms of the member's contract still apply.
 - **Note:** This policy may not apply to self-funded ASO employer customers. Florida Blue is working with these customers to determine how they would like us to administer the benefits under their plan.
- **Authorizations / Prior Approvals**
 - **Already-approved authorizations extended for 90 days.** Executive Order 20-72, signed by Gov. Ron DeSantis on March 20, prohibits all non-essential elective medical procedures. This means if you had an already-approved authorization for an elective procedure or a planned admission prior to March 20, we're extending those authorizations 90 days from when the executive order is lifted. Once the order is lifted, our systems will automatically add the extended time. Providers and members will not need to do anything. You can check availity.com for the updated timeframes after the order is lifted.
 - **Post-Acute Care.** To help hospitals accelerate appropriate discharges and support bed capacity, Florida Blue is waiving prior authorization requirements for patients being transferred from inpatient acute hospital settings to post-acute care facilities (Long Term Acute Care Facilities, Skilled Nursing Facilities and Inpatient Rehabilitation). Post-acute care facilities are still required to notify Florida Blue of an admission by the end of the following business day. This timely notification and review is still required to determine medical necessity of continued stay and ensure Florida Blue can assist with discharge planning for its members.
 - For **in-network providers**, normal business processes for notification apply:
 - Notification can be entered and verified electronically through Availity.

Commercial / Affordable Care Act (ACA) Updates cont'd.

- Fax any available clinical records including history and physical, labs, current medications, prior level of function, therapy notes and discharge plan to 305-716-2731.
- For **out-of-network providers**:
 - Providers who are unable to submit notification of admission through Availity should fax their request to 305-716-2731. The provider must include the following information on the fax cover sheet:
 - Name of Skilled Nursing Facility, Long Term Acute Care Hospital or Inpatient Rehabilitation Facility, NPI number, address, phone number and fax number
 - Attending physician complete name and NPI number, address, phone and fax number
 - ICD-10 code(s)
 - Admission date
 - Any available clinical records including history and physical, labs, current medications, prior level of function, therapy notes and discharge plan
- **Telemedicine and Teladoc[®]**. During the COVID-19 pandemic, members are encouraged to take advantage of virtual visit options for less serious medical issues to limit the spreading of COVID-19. Florida Blue covers virtual visits whenever a provider can effectively meet the accepted standard of care for the condition being treated. Members can access virtual visits in two ways:
 - **Option 1: Teladoc**
 - Many members have access to Teladoc virtual visits.
 - Teladoc visits are at no cost to members through Florida Blue.
 - [Click here](#) to find the Teladoc information members received from us.
 - **Note:** For self-insured employer groups, it is at their discretion whether they offer this coverage and what the member's cost share will be.
 - **Option 2: Telemedicine**
 - In-network primary care providers, behavioral health providers and specialists can bill for virtual visits if they have telemedicine capabilities and want to consult with their patients virtually.
 - The virtual visit will be in effect for the next 90 days and reimbursement will be based on your current fee schedule. Florida Blue will assess any potential extension to this timeframe and update you as needed.
 - The member will be responsible for their normal office visit cost share for this virtual visit.
 - For **in-network general medical care**, you should submit a claim to Florida Blue using the regular Evaluation and Management (E/M) codes (99201-99215). The place of service should be 02 and the modifier should be 95 or GT.
 - For **in-network outpatient professional behavioral health providers**, you should submit a claim to Florida Blue using one of the regular codes included in your fee schedule with a place of service 02 and the modifier should be 95 or GT.
 - **Expanding virtual visits.** The expansion of the additional services for virtual visits will be in effect for the next 90 days. Florida Blue will assess any potential extension to this timeframe and update you as needed.
 - **In-network behavioral health outpatient facilities** performing intensive outpatient and partial hospitalization services can bill for virtual visits if they have telemedicine capabilities and want to consult with their patient virtually. You should submit a claim to Florida Blue using the applicable revenue code and HCPCS code with modifier

notice. The place of service should be 02 and the modifier should be 95 or GT.

- **Florida Blue continues to explore other services related to virtual visits.** We'll keep you updated as new information is available.

Prescription Drugs

- We're providing early access to 30-day prescription refills of medications (consistent with the member's benefit plan).
- Members are encouraged to use the 90-day mail order benefit.
- While there are currently no FDA-approved vaccines or medications for the outpatient treatment of COVID-19, should FDA-approved treatments become available, we will also cover them for our members for whom we provide prescription drug coverage. **Note:** Florida Blue is also working with its self-funded ASO group employers to assist them in meeting the needs of their employees during the health crisis.

Additional Services

- In partnership with New Directions Behavioral Health, members experiencing stress related to COVID-19 can talk to specially trained behavioral health counselors at no cost via a 24/7 toll-free help line at 833-848-1762. Further referrals from these hotline calls will be covered per the member's normal benefits/cost share. Counselors will not be able to assist with questions about COVID-19 testing or treatment, so members should call Florida Blue at the number on the back of their member ID card for help with those questions.

Federal Employee Program (FEP)

- Prior authorizations are waived for diagnostic tests and for covered services that are medically necessary and consistent with CDC guidance if diagnosed with COVID-19.
- Copays or deductibles are waived for diagnostic tests or treatments that are medically necessary and consistent with CDC guidance if diagnosed with COVID-19.
- Copays are waived for all telehealth services provided by Teladoc. If the member chooses to see a provider who is not in the Teladoc network, they will be responsible for their normal office visit cost share for the virtual visit.
- FEP members should consult their pharmacy benefit manager for questions related to their prescription medications.
- For more information, please visit fepblue.org.
