

On-Demand Documentation and Coding Training

Free • Convenient • Informative

- Learn how to code chronic conditions that can be challenging to document in medical records.
- Understand how to support diagnoses per guidelines from the Centers for Medicare & Medicaid Services (CMS) and U.S. Department of Health and Human Services (HHS).
- Earn continuing education units (CEUs) to renew your American Academy of Professional Coders (AAPC) certification. Each course is eligible for 1.5 AAPC CEU credits.

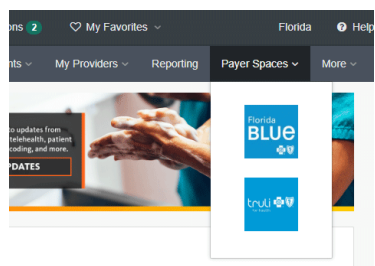

Our free, on-demand webinars dive into coding and documentation best practices to help your practice should payers, CMS or HHS conduct data validation audits.

Available Course Topics:

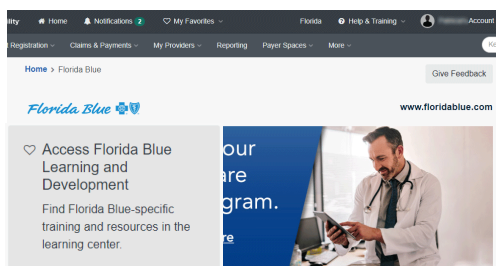

- Atrial fibrillation
- Cancer
- Chronic kidney disease
- Chronic obstructive pulmonary disease
- Diabetes
- Major depressive disorder
- Mental health
- Rheumatoid arthritis
