The new payer ID will provide improved transparency and oversight in Medicare transactional data quality, which enables our ability to better evaluate your needs. It also allows you to apply specific rules, edits, messaging and reporting to transactions creating a more personalized experience.

When utilizing Availity self-service transactions for Florida Blue Medicare patients and updating Practitioner/Group demographics, the Florida Blue Medicare payer ID **must** be selected in the Availity transaction dropdown. Below is a snapshot of the Availity transactions currently active for Florida Blue Medicare. Additional transactions will be available in the future.
