Initial Coverage Stage

During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost.

You remain in this stage until your total yearly drug costs (total drug costs paid by you *and* any Part D plan) reach **\$4,130**. You may get your drugs at network retail pharmacies and mail order pharmacies. Cost sharing below applies to a one-month (31-day) supply.

Coverage Gap Stage

Most Medicare drug plans have a coverage gap (also called the "donut hole"). This means that there's a temporary change in what you will pay for your drugs. The Coverage Gap Stage begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches **\$4,130**.

You stay in this stage until your year-to-date "out-of-pocket" costs reach a total of **\$6,550**.

Catastrophic Coverage Stage

After your yearly out-of-pocket drug costs reach **\$6,550**, you pay the *greater* of:

- **\$3.70** copay for generic drugs in all tiers (including brand drugs treated as generic) and an **\$9.20** copay for all other drugs in all tiers, or **5%** of the cost.

Additional Drug Coverage

- Please call us or see the plan’s “Evidence of Coverage” on our website (www.floridablue.com/medicare) for complete information about your costs for covered drugs. If you request and the plan approves a formulary exception, you will pay Tier 4 (Non-Preferred Brand/Drug) cost sharing.
- Your cost-sharing may be different if you use a Long-Term Care pharmacy, a home infusion pharmacy, or an out-of-network pharmacy, or if you purchase a long-term supply (up to 90 days) of a drug.
