## Please Refer Members to Quest Diagnostics for Lab Services

We're reminding providers to refer our members to Quest Diagnostics for lab services.

With in-network providers, members can access quality care at the lowest out-of-pocket costs. Your contract includes an agreement to refer members to participating providers in most circumstances. Quest Diagnostics and its subsidiaries AmeriPath and Derspath Diagnostics are the preferred laboratory providers for most Florida Blue plans. This is also true for members of other Blue Plans accessing care in Florida through BlueCard®.

### Test Availability and Scheduling

To confirm whether a test is available at a location, visit [questdiagnostics.com](http://questdiagnostics.com) and select *For Physicians & Hospitals* and then *Test Directory*. Providers or members can schedule appointments by phone at 866-MYQUEST (866-697-8378) or online at [questdiagnostics.com](http://questdiagnostics.com).

### Information about Referrals

For more information about lab referrals, refer to the [Manual for Physicians and Providers](#) on [floridablue.com](http://floridablue.com).
