

**Stars Medication Adherence Measure:  
Tier 6 Select Care \$0 Copay Meds**

Members in BlueMedicare Choice (Regional PPO) and BlueMedicare Select (PPO) who are prescribed any of the medications listed below won't pay additional out-of-pocket expenses for the meds after their plan deductible is met. Members in BlueMedicare Classic, Classic Plus and Premier (HMO) do not have to meet a plan deductible, so they now pay \$0 for meds in this category until they reach the catastrophic phase of coverage. In the catastrophic phase, members may have to pay a percentage of the cost of their medications.

Florida Blue encourages prescribing a 90-day supply of Select Care drugs for your patients. A 90-day extended supply is available through mail-order and at all Extended Supply Network Pharmacies.
